

The Sissy College

The Sissy Freshman

Comic #002

The Sissy
Girlfriend
Experiment

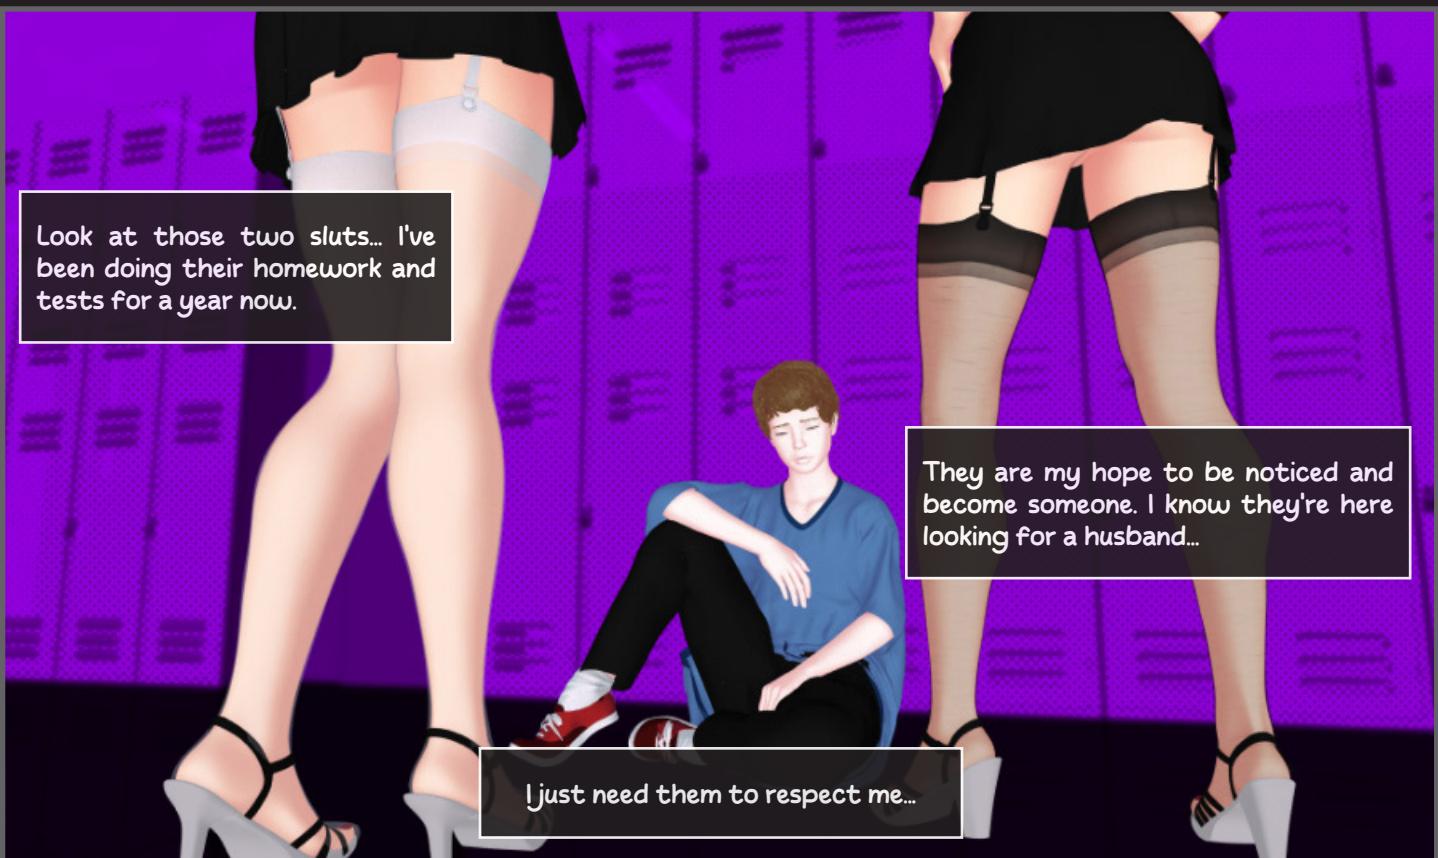

Hello! Welcome to my second comic! There isn't much to say here that I haven't said in the first comic. Sometimes, writing linear stories seems more fun than creating different paths, although, I know... It's better to pick your path when you're the player. Still, I have some stories and ideas that wouldn't fit on the TSGE game, but work in the same universe. A story aside from the 'New SiS' drug. This one is about college. People say that college is the best time of their lives. I wouldn't know. I've done two, and I guess I did it wrong, focusing on studies only. Still, no regrets! This story is about discovery, pleasure, and following your urges. About someone who gets tired of being a loser and decides to try something different: to listen to that inner voice saying: Go on! Try it! Be happy! This comic got a little bigger than planned, but I'm glad with it. It feels like the character, story, and layout improved since the first one. Anyway, I won't take more of your time. Go on! Read it! I hope you enjoy it!

Hugs, Jammye.

Brad the jock, he always picks on me, and people laugh. It's just like high school again, but now I'm an adult. It's more humiliating.

People ignore me and I can't see to fit anywhere. Is this what having good grades did for me?

I dream about waking up to a woman like that, in my mansion, with a jerk like Brad cleaning my car while I make love with my woman on the balcony. That's everyone's dream, right?

So far, it's just a dream... But soon...

You said if I manage to pass you, you'd go out with me!

That doesn't sound like something we'd said. Let's hear the conversation again. I keep everything saved.

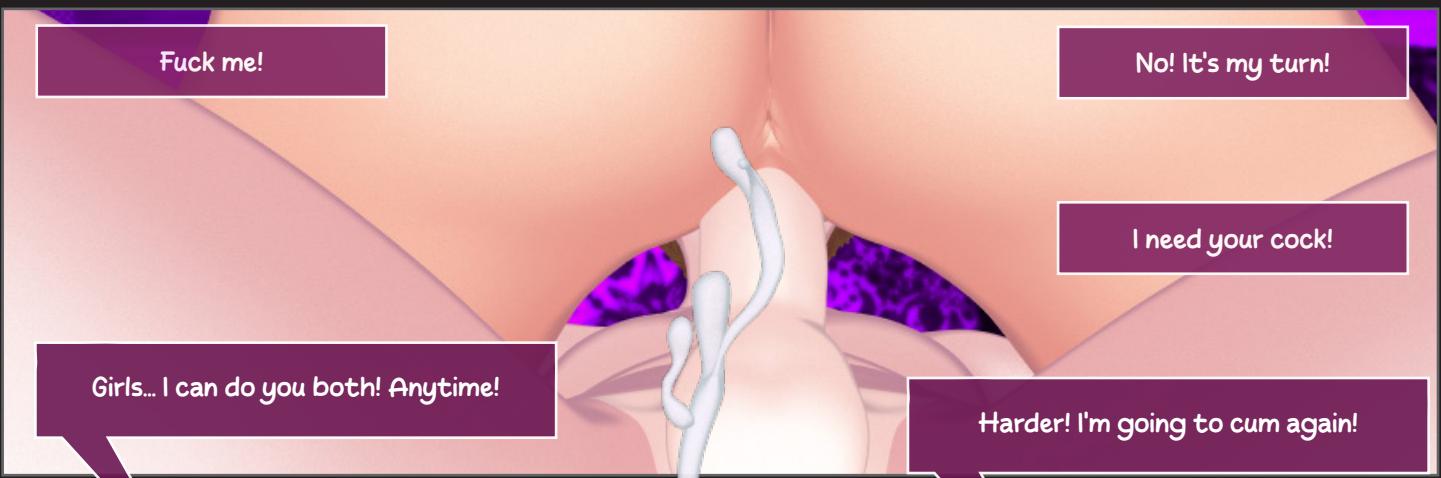

We said: you can hang out with us at the party! Not going out! It's different! Anyway, let me give you my address. Meet us there tonight!

That's pretty much the same.

Fuck it! I'll take it!

Ding! Dong!

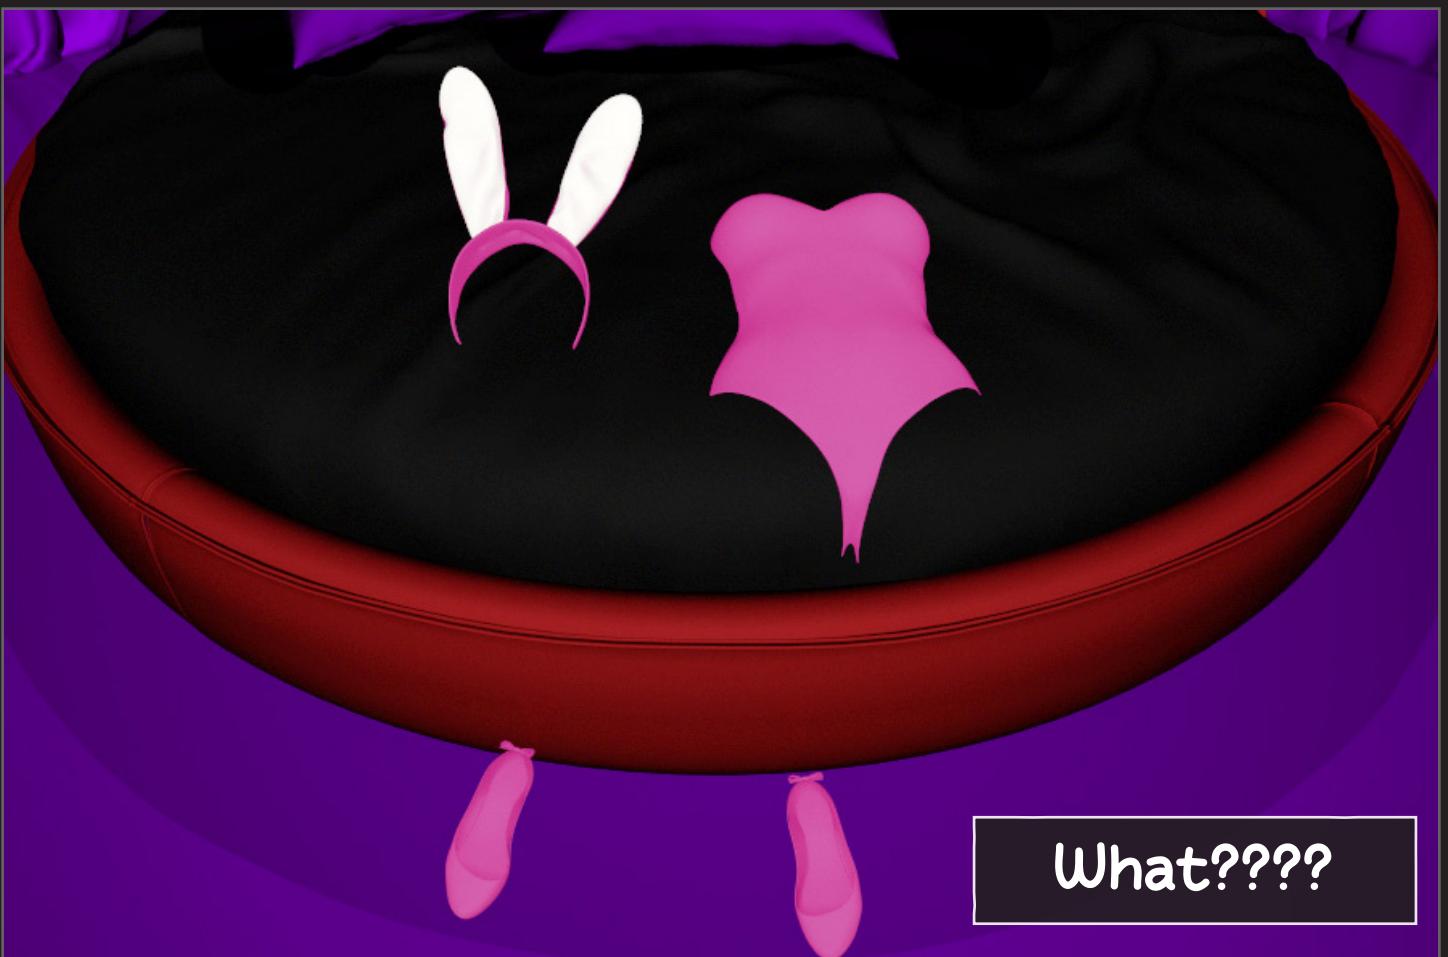

It's not ok making us wait for
you! Put on your costume!

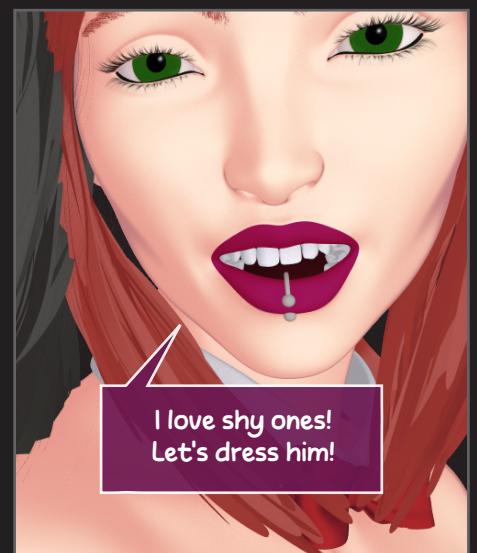

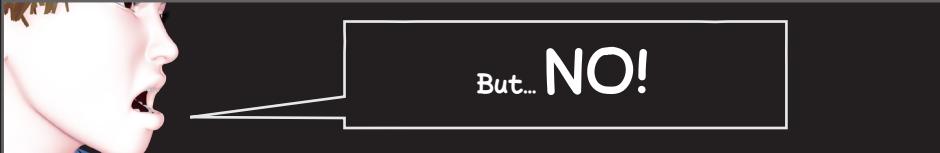

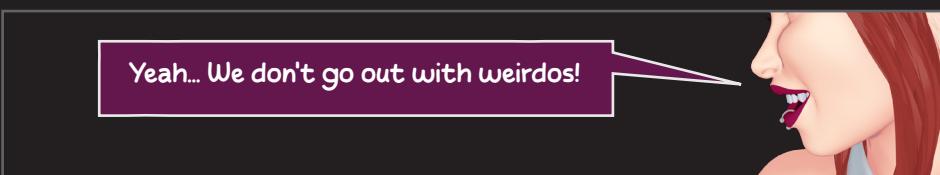

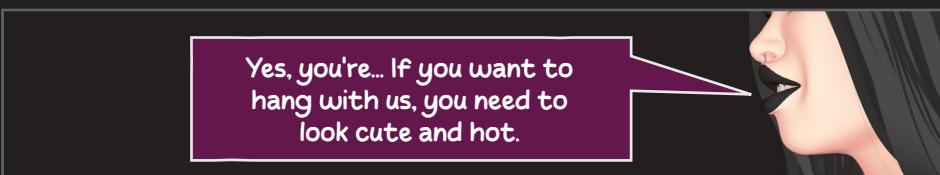

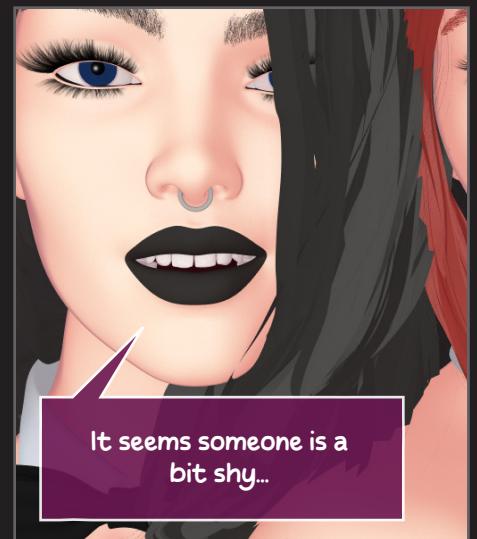

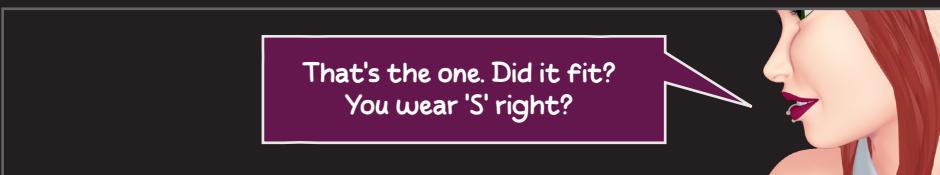

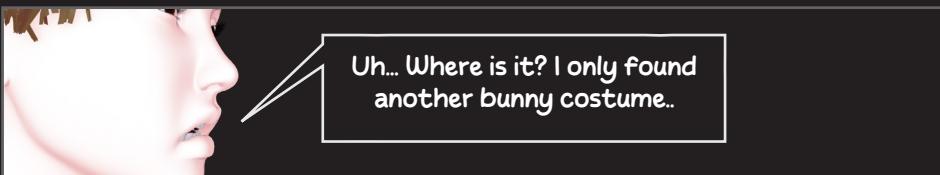

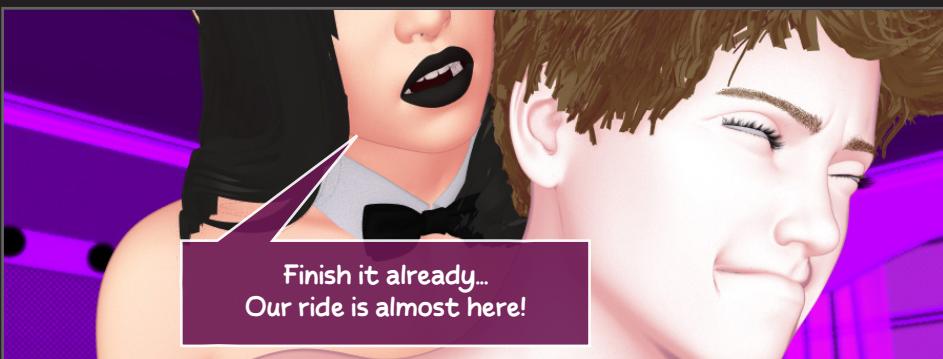

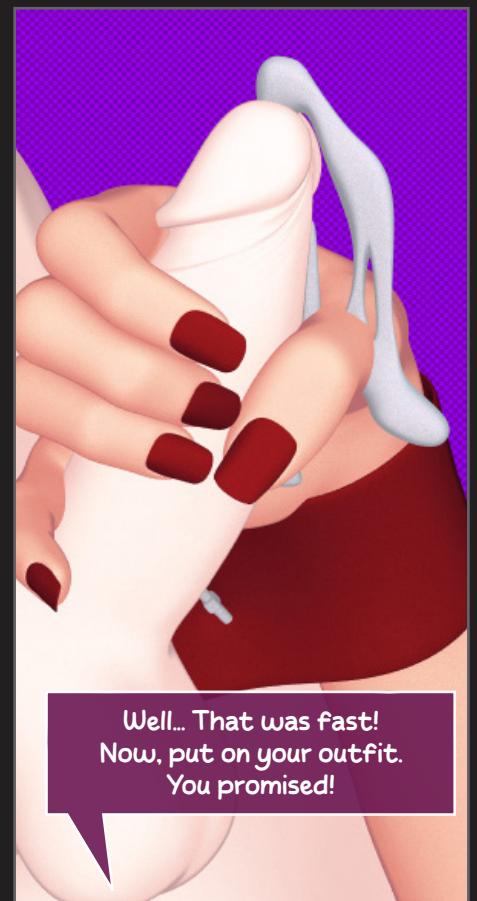

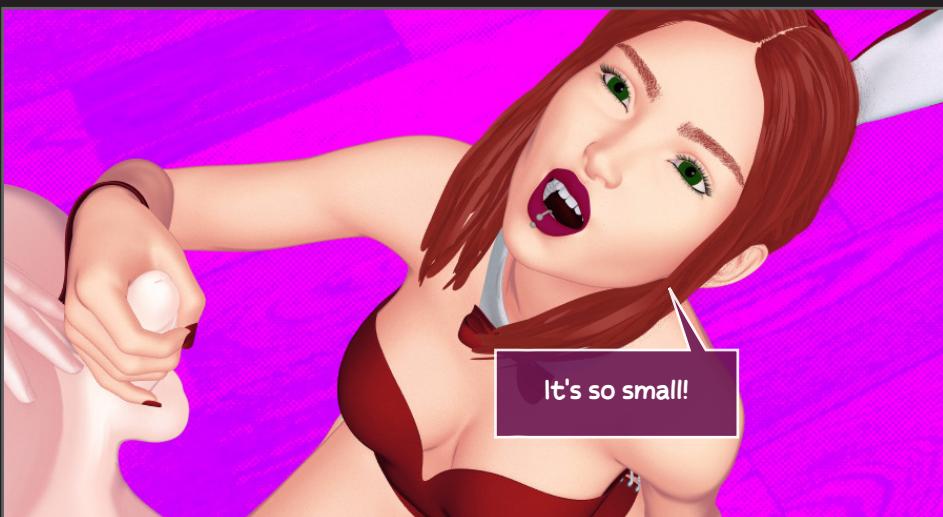

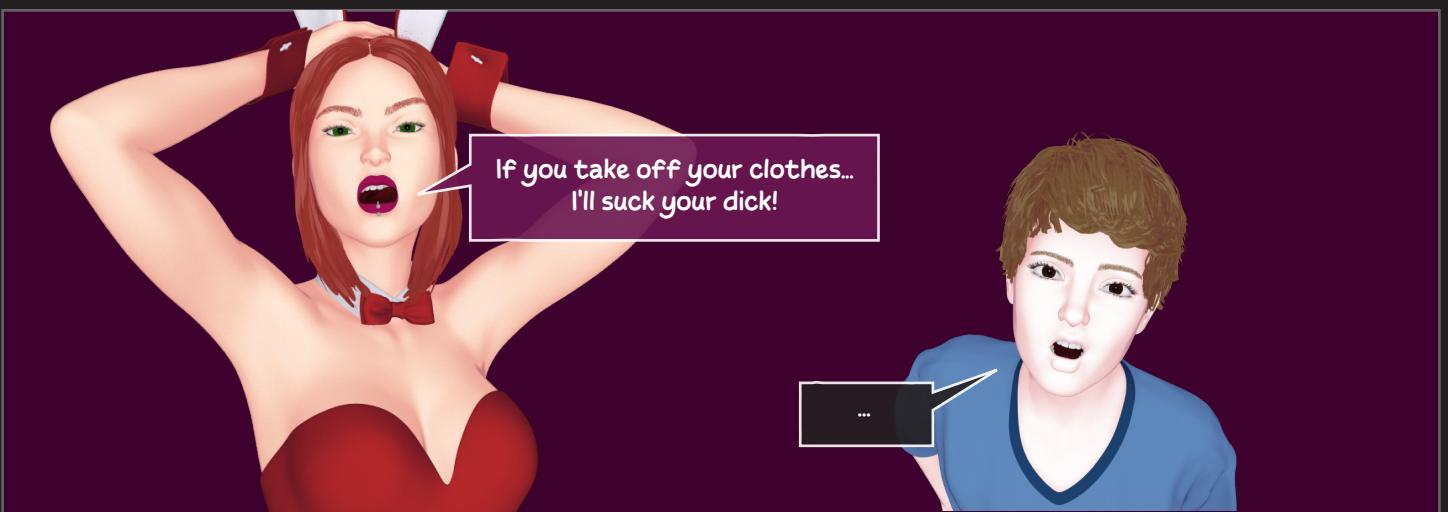

We got one for you. It's in my
bedroom. You can put it on.

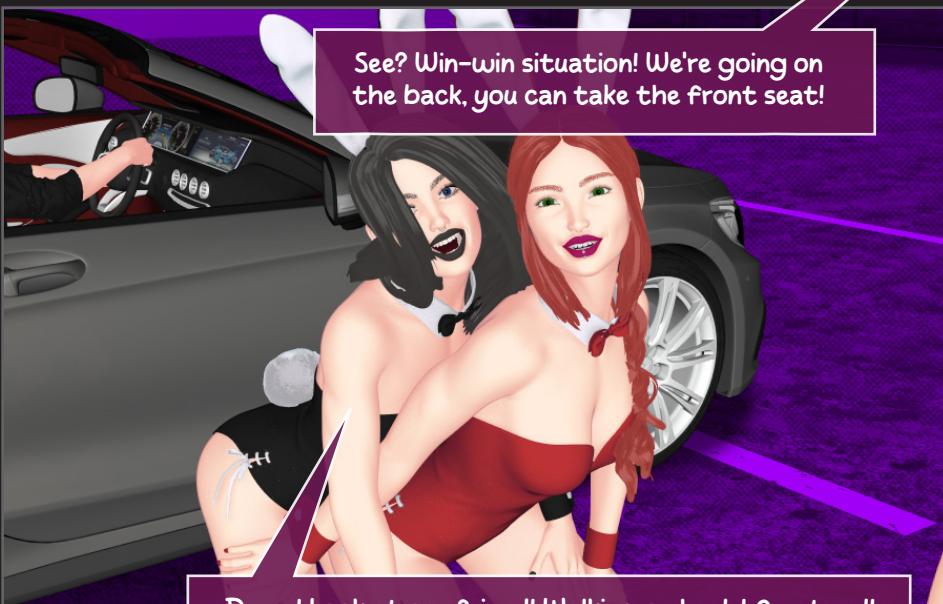

What????

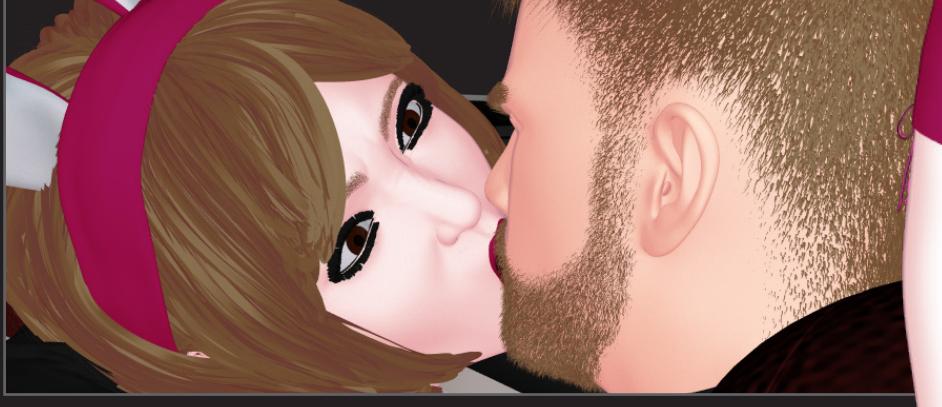

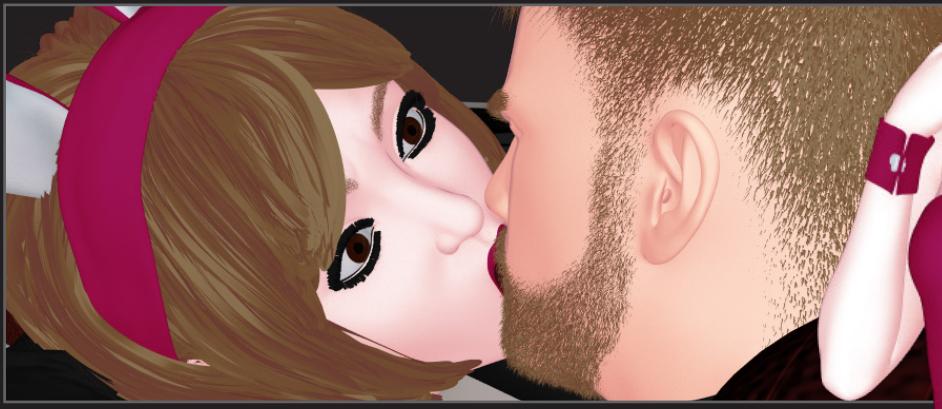

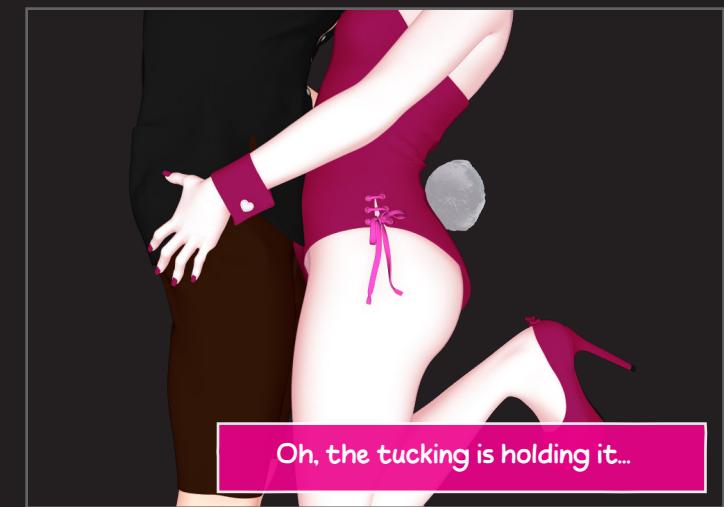

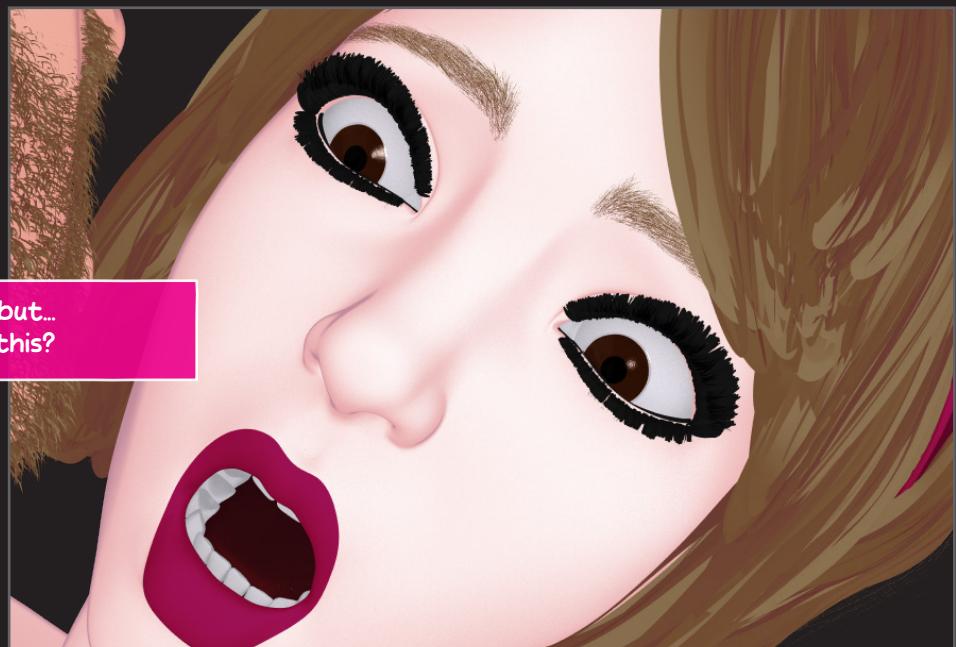

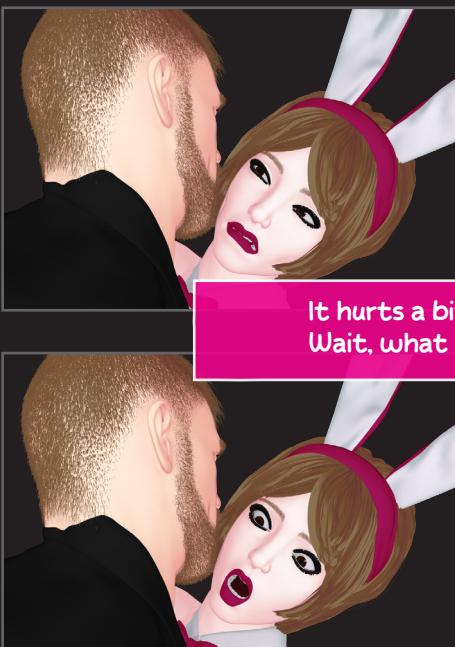

What am I doing? It feels... good...

Oh, the tucking is holding it...

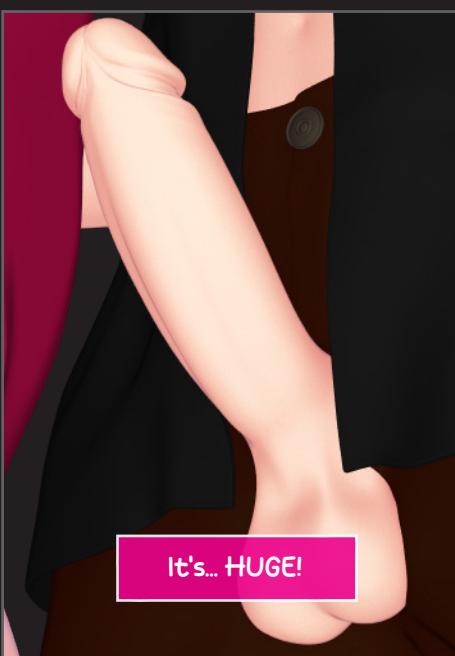

It hurts a bit, but...
Wait, what is this?

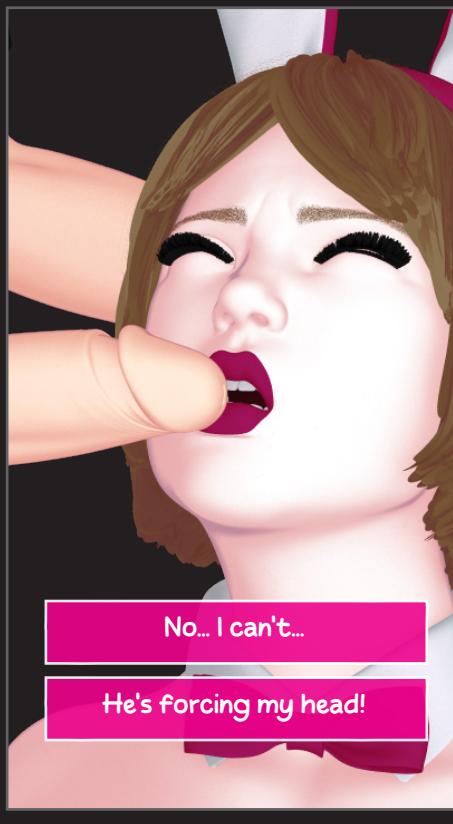

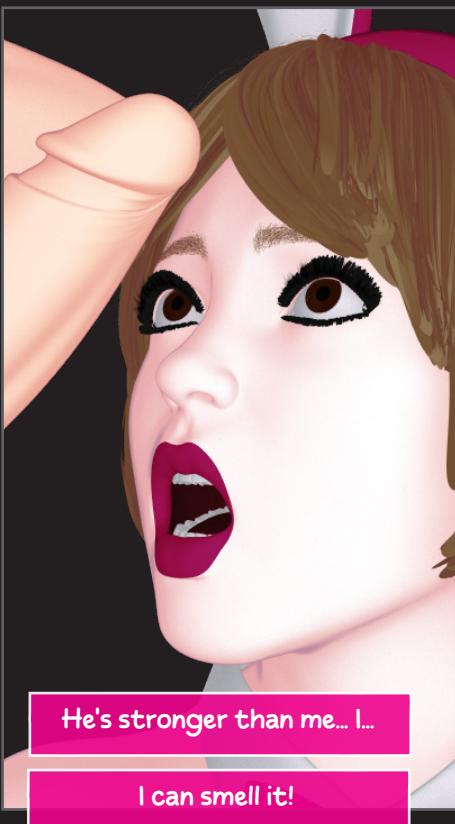

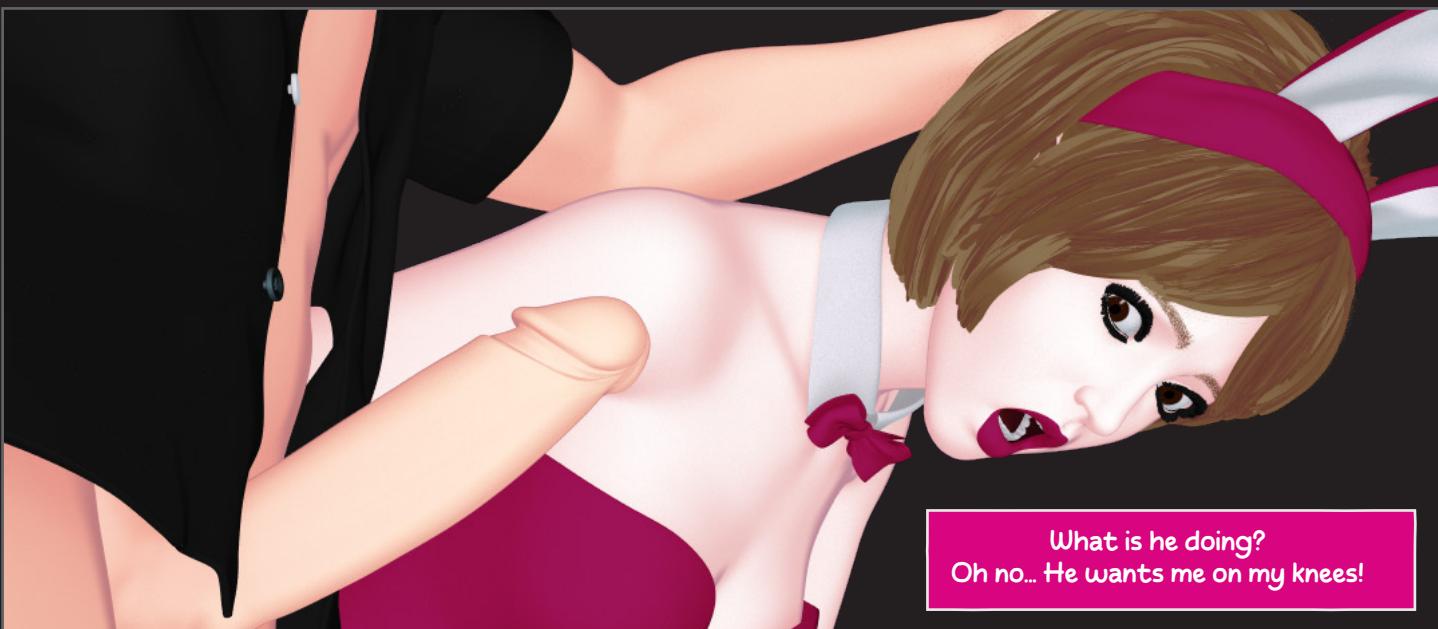

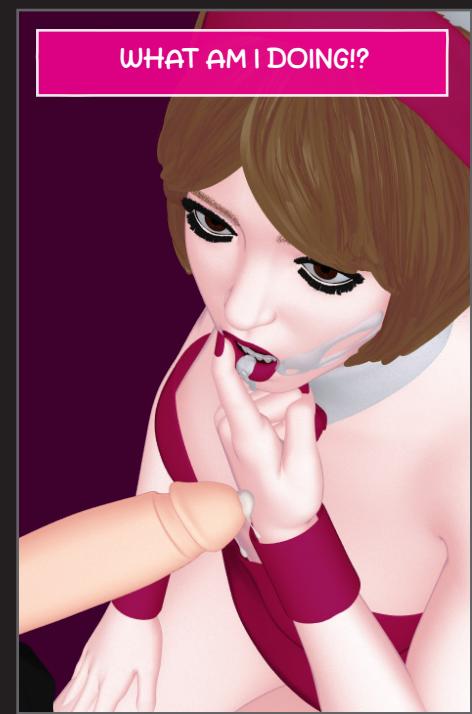

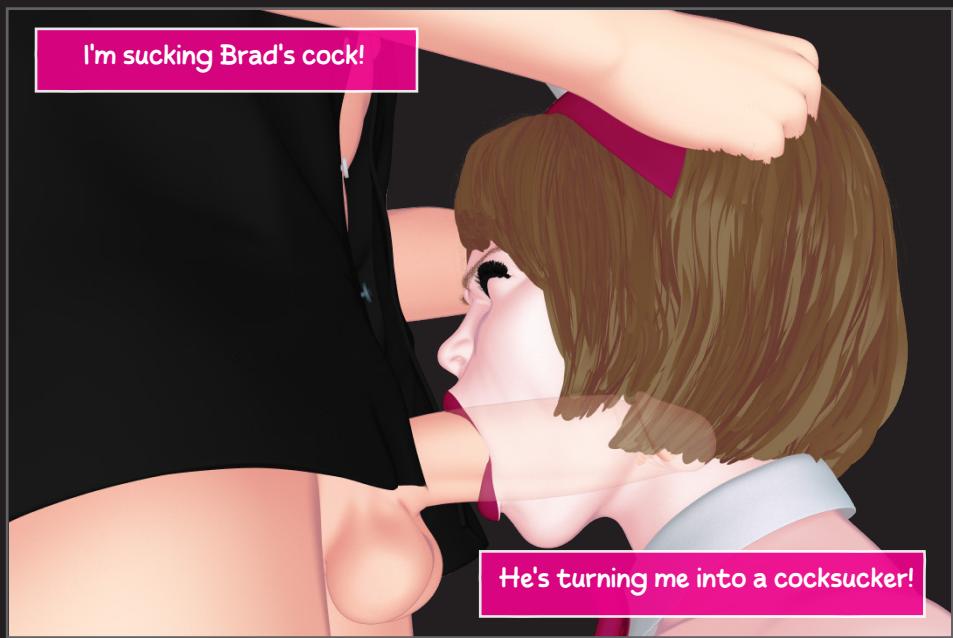

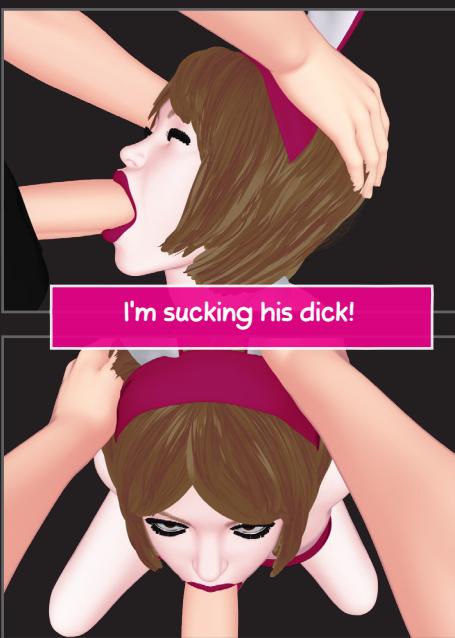

His dick is out! Oh fuck! No!

It's... HUGE!

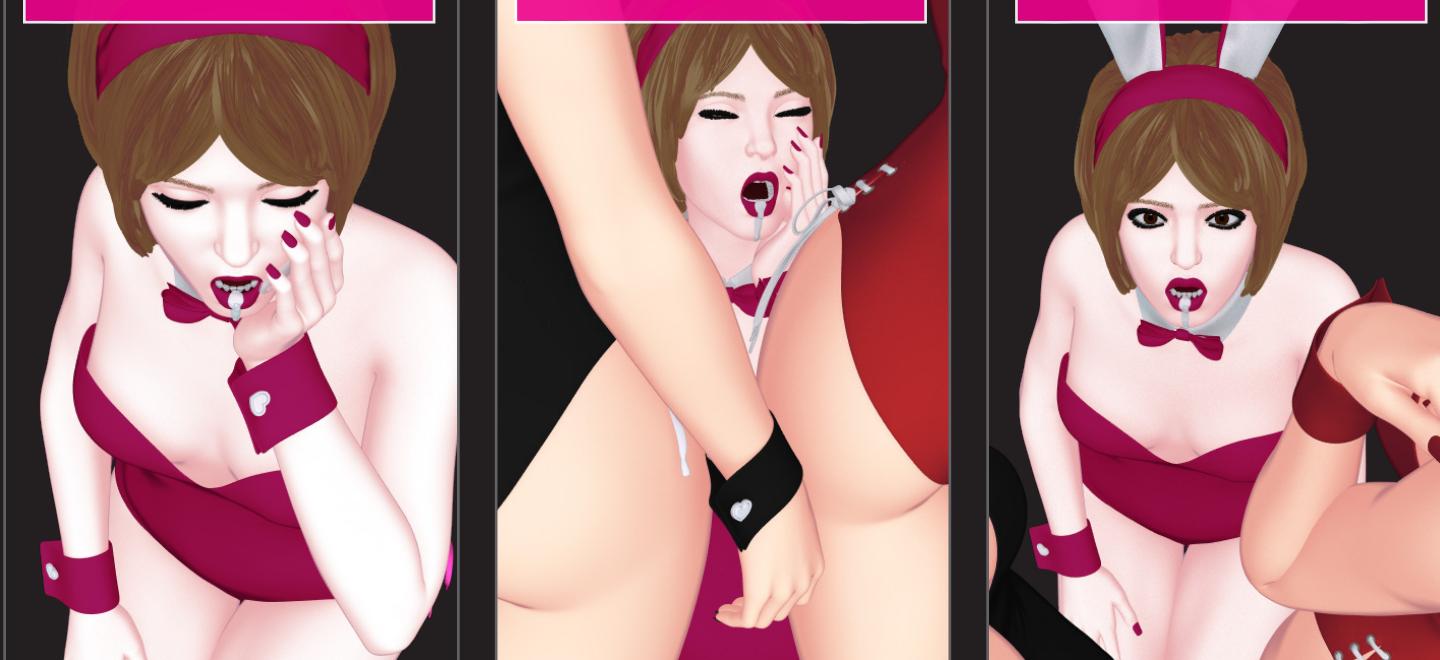

I ATE SOMEONE'S CUM...

...AND I'M HORNY!

OH NO!

Uh... Is this...
Cum on your cheek?

OMG! You dirty slut!
You sucked Brad!

And did you like it?
I mean... being his girl?

I... I guess I did...

There's no turning back from it!
He's going to do it all the time!

So... We become friends.

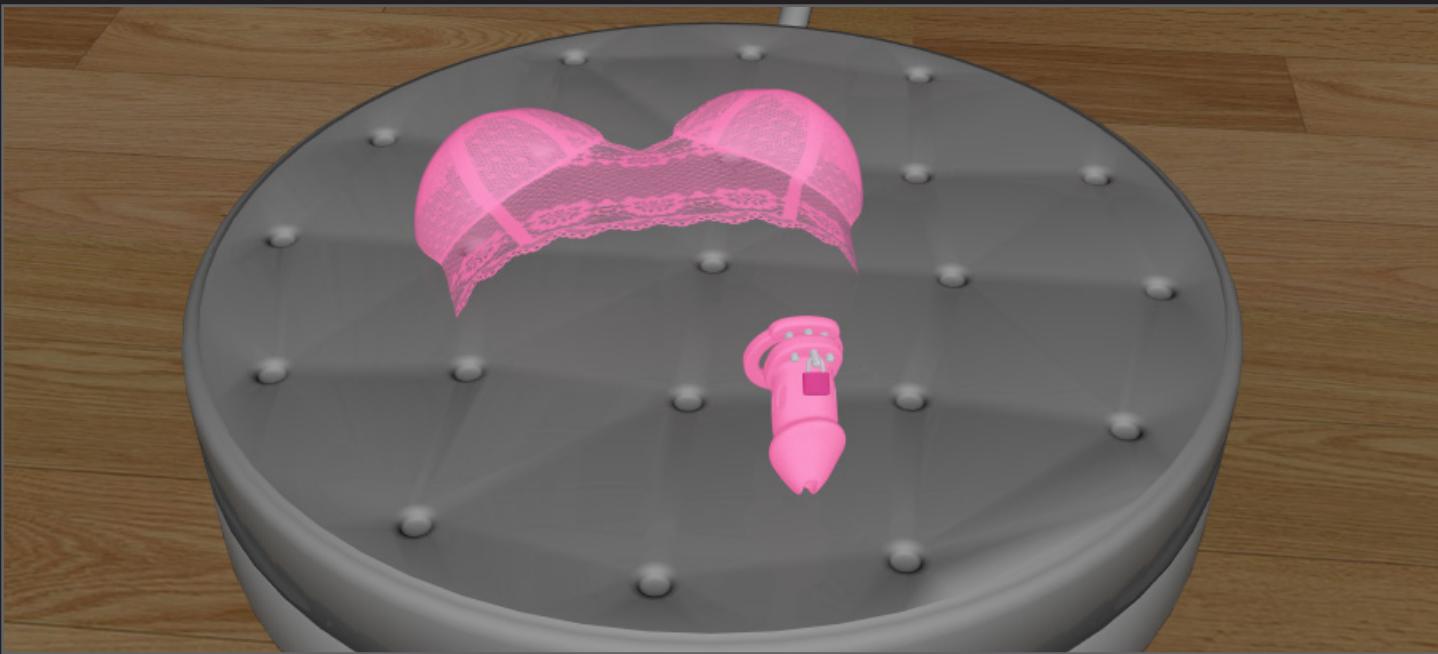

...And Brad gives me his hard dick.

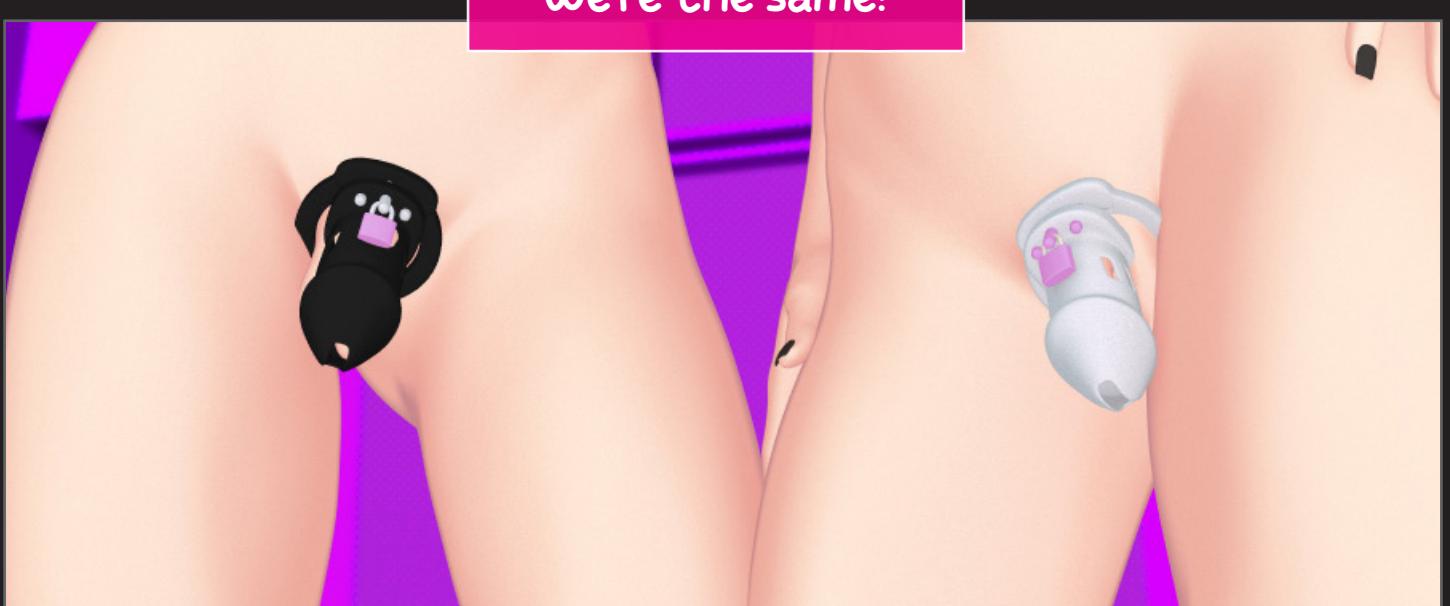

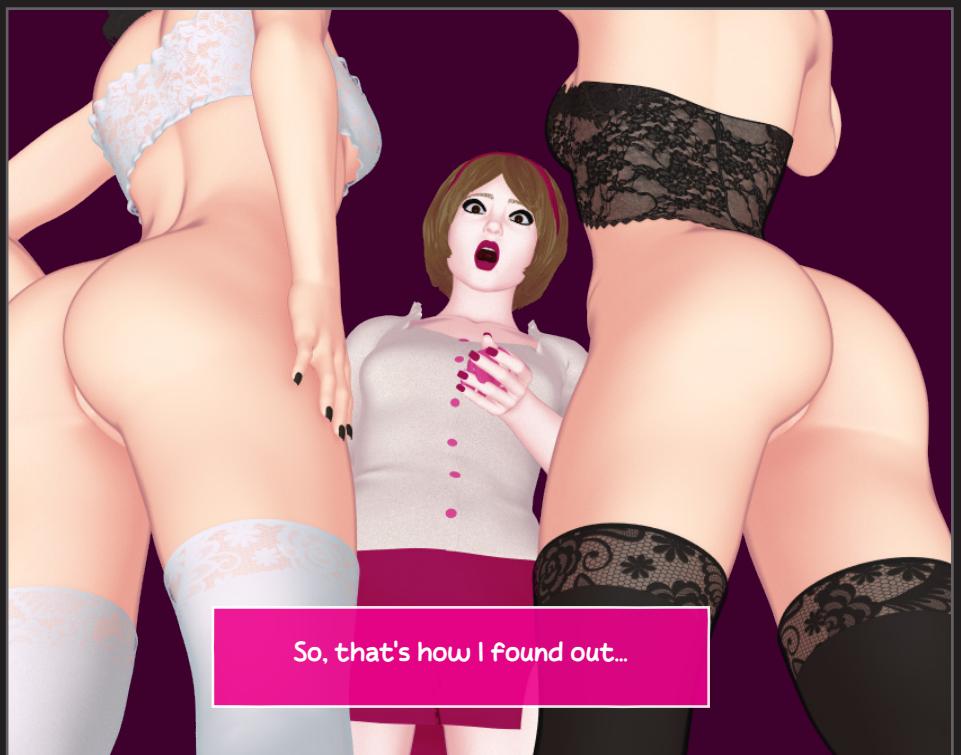

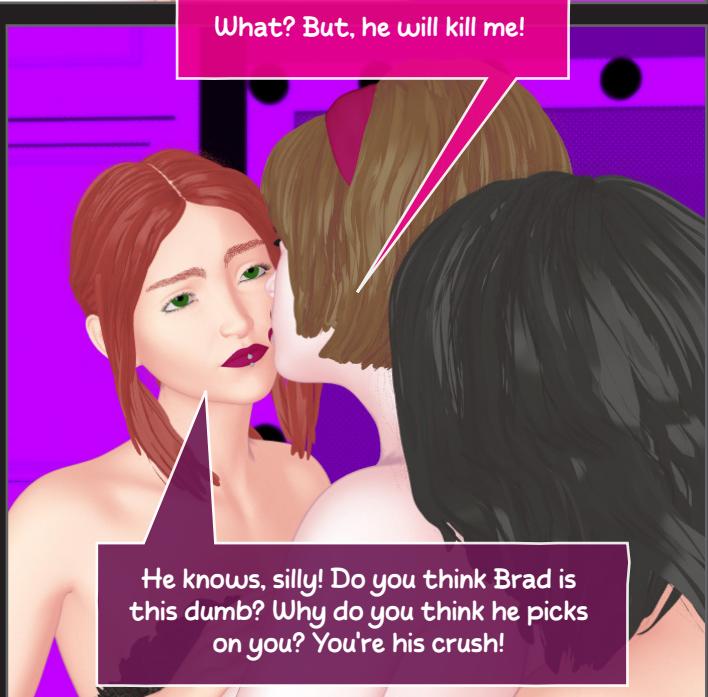

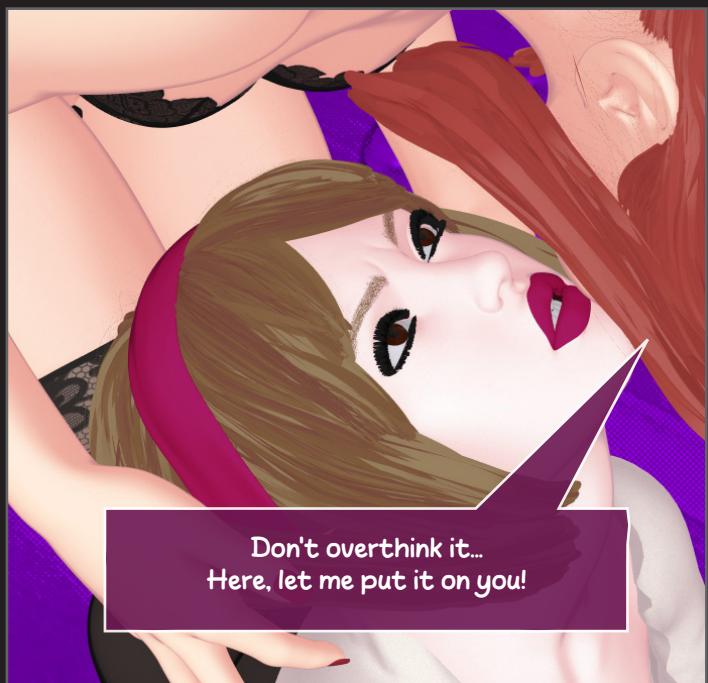

I guess I like my night person better than my day person...

It's who I am...

Look at our beautiful girls!

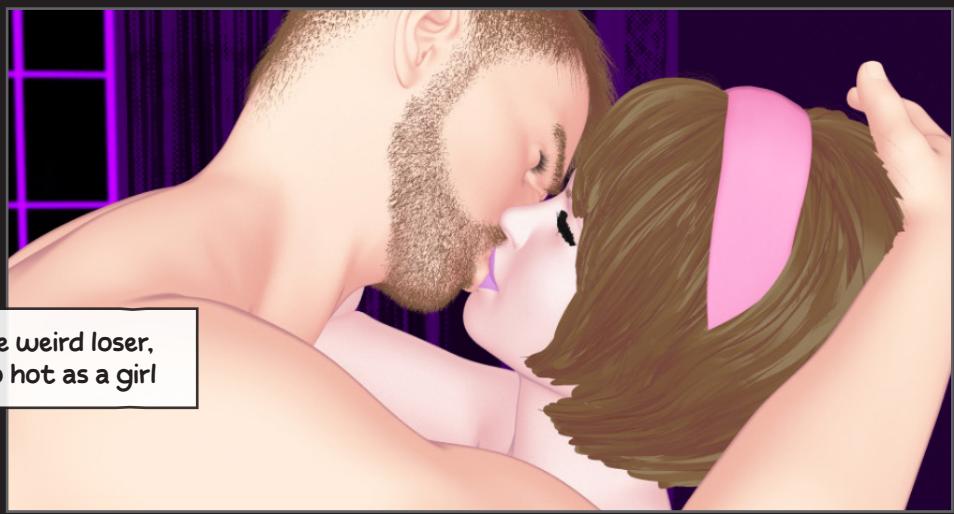

Sexy and locked!

Just how we like it!

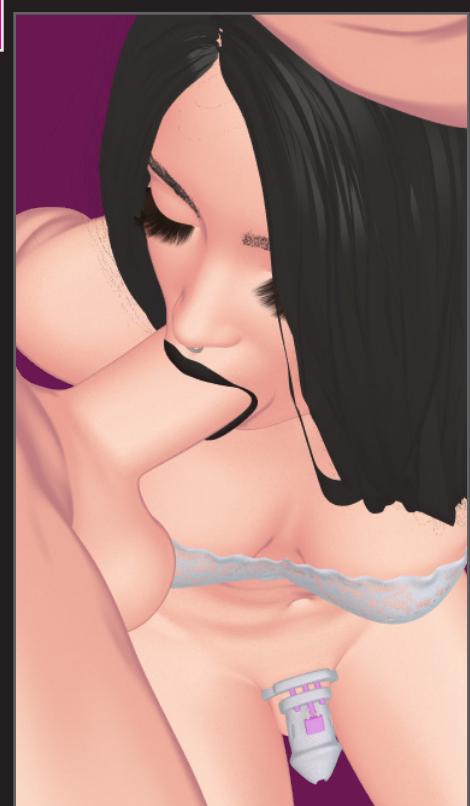

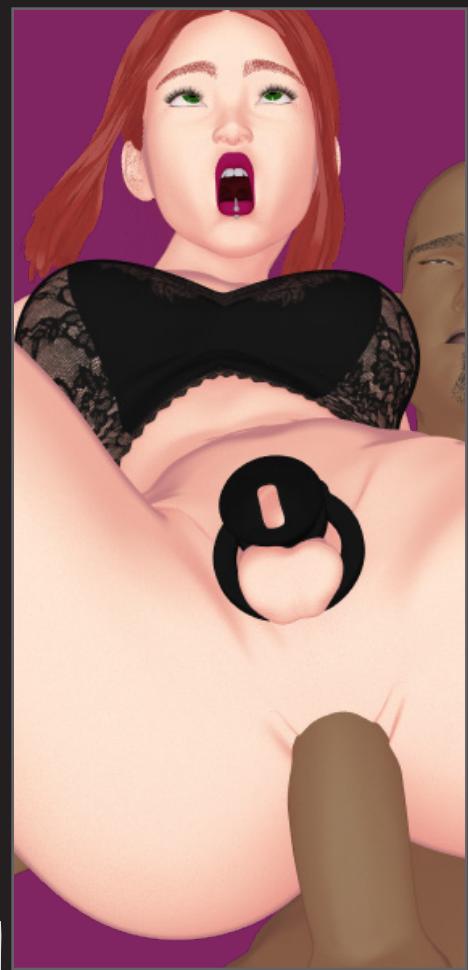

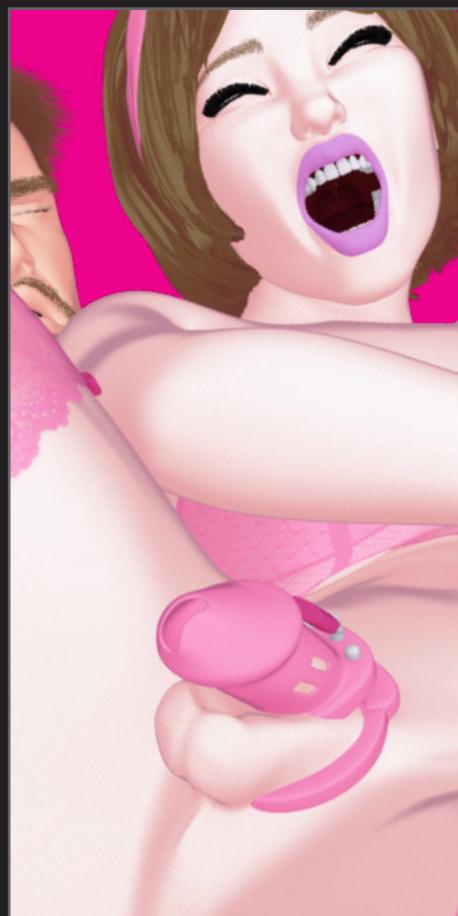

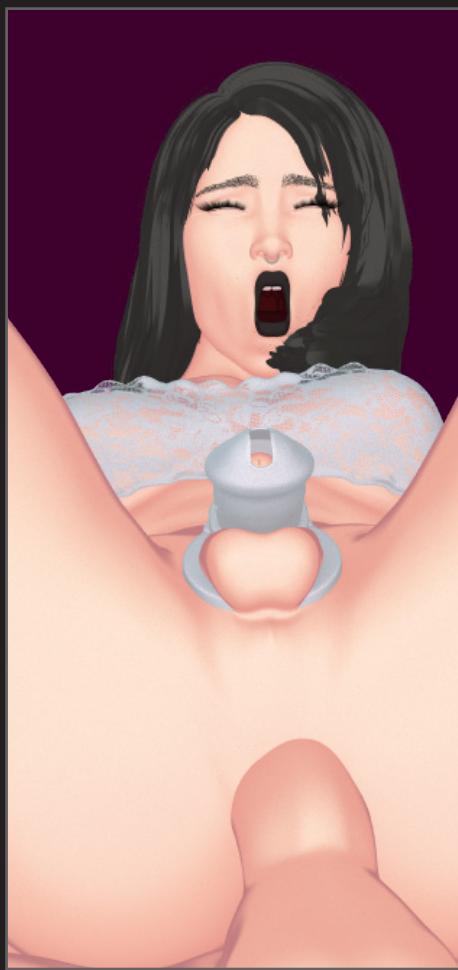

You were one weird loser,
but you're so hot as a girl

And we became more
than friends that night...

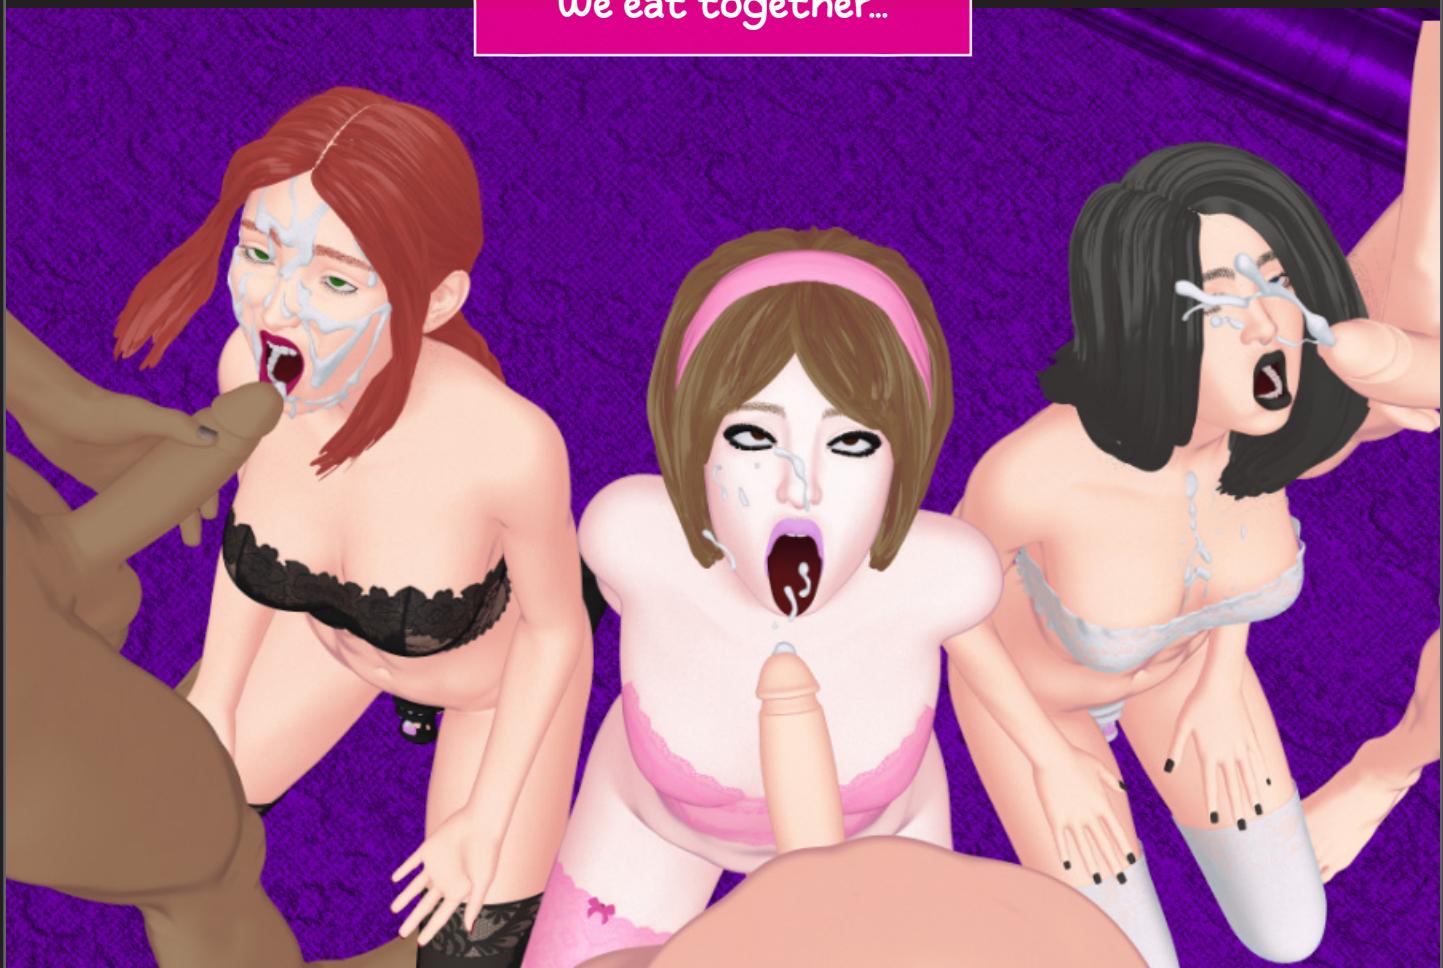

We ride together...

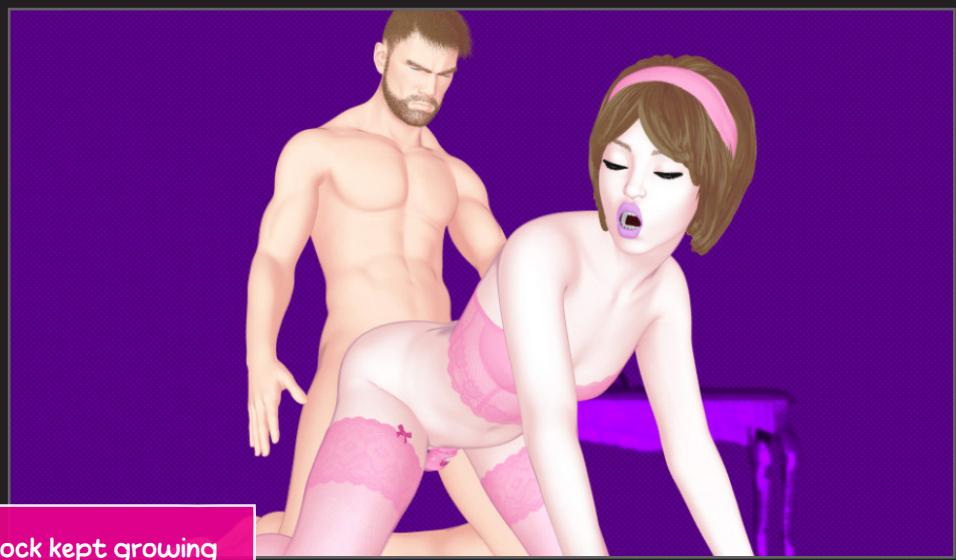

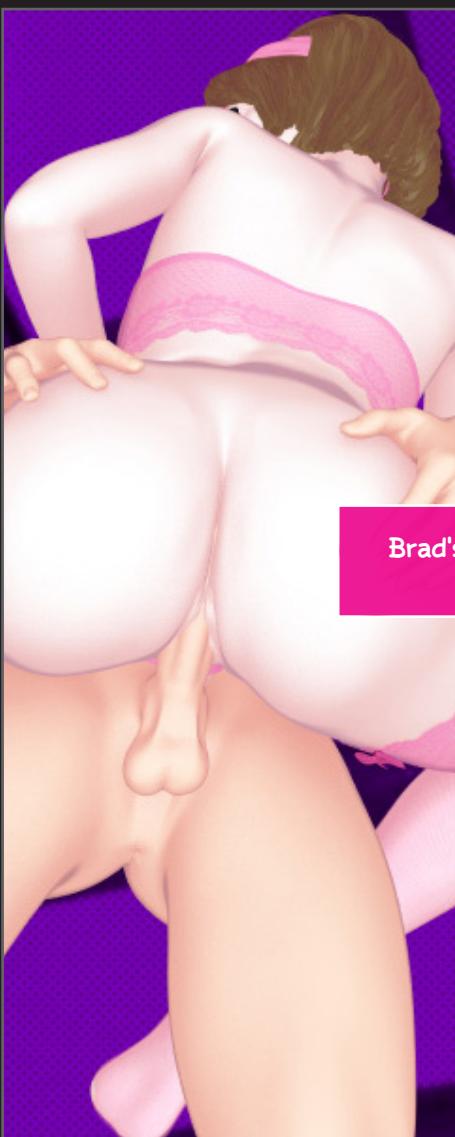

We eat together...

And we cum together...

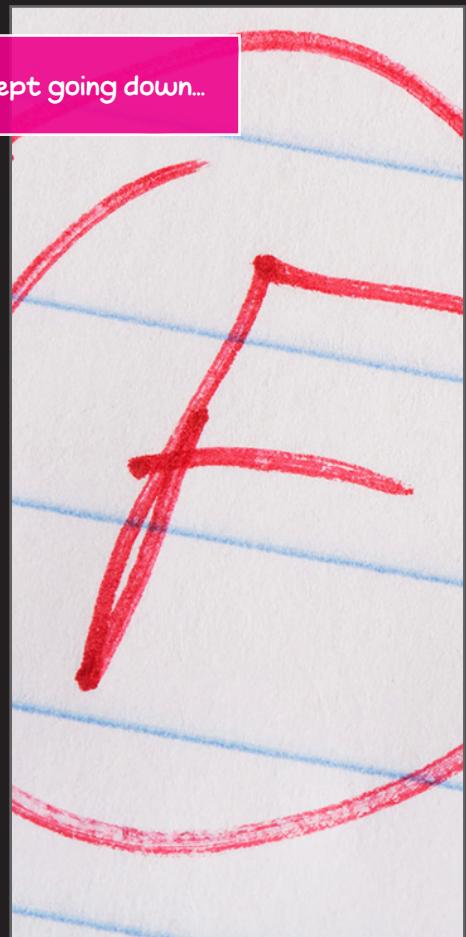

Brad's cock kept growing
inside of me...

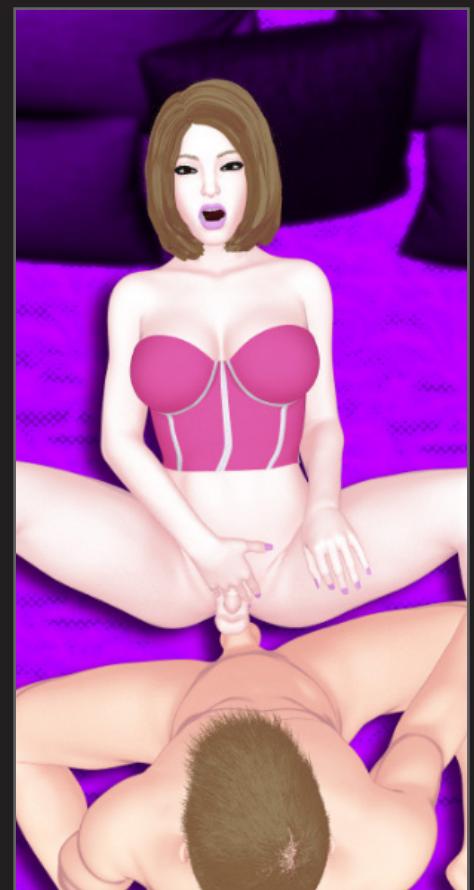

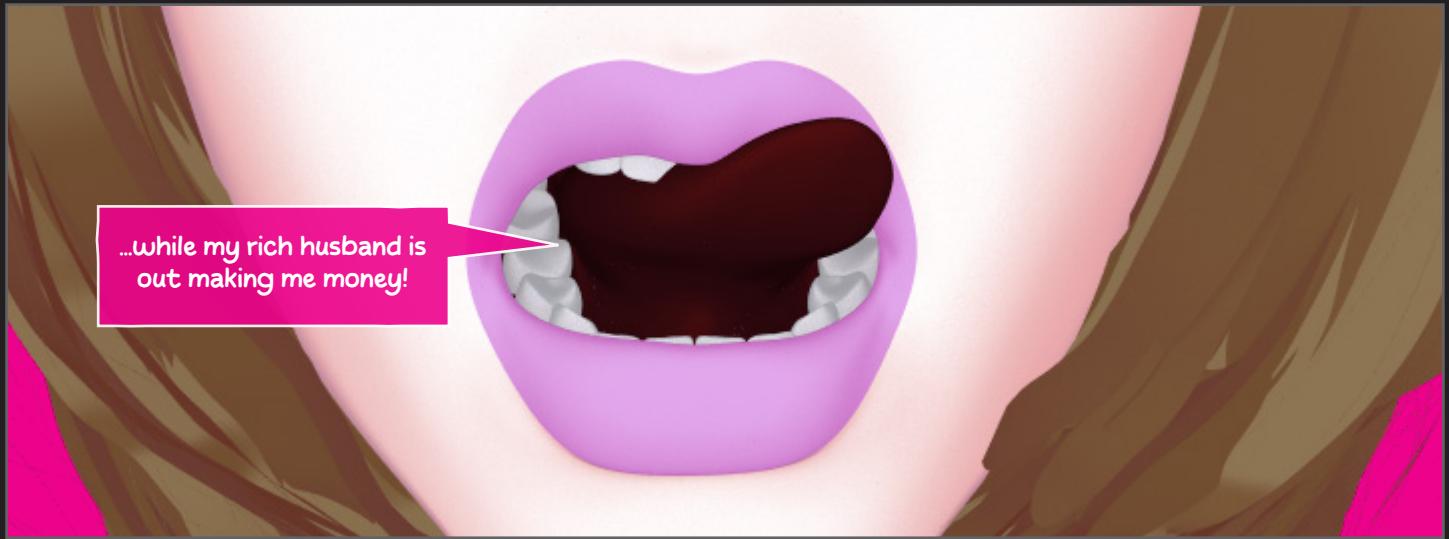

While my grades kept going down...

Now I understand my friends... It's impossible to focus on
studying... While there's so much pleasure every night...
I guess there's only one thing to do...

The End
